

10th Topical Workshop of the SPARC Collaboration

Monday, October 28, 2013 - Thursday, October 31, 2013

Scientific Program

Topics

Critical and Super-Critical Fields

Atoms and Ions in Intense Laser Fields

Ion/Laser Interactions and Spectroscopy

Ion - Atom / Molecule Collisions

Cross-Link between Atomic and Nuclear Physics

Status of Storage Ring and Trap Facilities at FAIR

Novel Instrumentation

Dedicated Session on FLAIR

Low-Energy Pbar Physics @ FAIR

Programme will follow soon
