

Programm der Sitzung

19.-21. Mai 2026

TASCA 26 - Program & Abstracts

News from heavy-ion facilities

GSI, KBW Lecture Hall, Room 1.17

Do., 21. Mai

09:05

News from heavy-ion facilities

Sitzung | **Ort:** GSI, KBW Lecture Hall, Room 1.17

09:05–09:35 Uhr

Overturning the Understanding of Superheavy Element Synthesis Reaction Dynamics Through Direct Measurements of Sequential Fission

Sprecher

Jacob Buete

09:35–10:05 Uhr

Study of deformed structure in Es-254 by Coulomb excitation

Sprecher

Eiji Ideguchi

10:05–10:35 Uhr

Status of the Super Separator Spectrometer at GANIL

Sprecher

Julien Piot

10:35
