

status 02.Oct.2013	Wednesday 23. Oct.		Thursday 24. Oct.		Friday 25. Oct.	
Morning			Session 2 9:00 - 10:30	Nuclear radii and momentum distributions Atomic collision experiments at Super-FRS	Session 5 9:00 - 10:30	Reaction studies with low-energy exotic nuclei Exotic hypernuclei and their properties
	Management Board 10:00 - 12:30		Coffee Break 10:30 - 11:00 Session 3 11:00 - 12:30	Exotic atoms and in-medium effects Delta resonances for structure	Coffee Break 10:30 - 11:00 Summary Conveners: Tanihata, Gales 11:00 - 12:30	Concluding discussion Organisation of writing Closing
	Lunch		Lunch	before lunch: photograph	Lunch	
Afternoon	Introduction 14:00 - 15:30 Conveners: Tanihata, Gales	Welcome Goals of the meeting Status and organization of the collaboration	Session 4 14:00 - 15:30	In-flight decays Active target experiments at Super-FRS		
	Session 1 16:00 - 18:00	New isotope search and their basic properties Understanding the tensor force	Coffee Break 15:30 - 16:00 Open discussion Conveners: Geissel, Simon 16:00 - 18:00			
Evening	Dinner		Collaboration dinner
