

EMMI Rapid Reaction Task Force: Emissivity of matter under extreme conditions, dileptons and chiral symmetry: established connections and missing links

Monday 07 October 2013

TOP 3: Baryon resonances: present status and understanding of vector-meson (mainly ρ)- resonance couplings - KBW

Lecture Hall (09:30-13:00)

-Conveners: Chairs : Vitaliy Shklyar; Igor Strakowsky
