

Topical Workshop of the FLAIR Collaboration

Thursday 15 May 2014

Antihydrogen and Antiprotons II - Zentraler Seminarraum (15:30-17:30)

-Conveners: Jochen Walz

time	[id] title	presenter
15:30	[11] The prospects of ultralight axion and axion-like particle searches at Mainz: CASPEr and GNOME	BUDKER, Dmitry
16:00	[12] The antimatter gravity experiment AEGIS	DOSER, Michael
16:30	[13] Ultracold antihydrogen by laser cooling of anions	KELLERBAUER, Alban
17:00	[14] The GBAR (Gravitational Behavior of Antihydrogen at Rest) project. A status report	INDELICATO, Paul
