

ECTI 2014 - 3rd European Conference on Trapped Ions

Thursday 18 September 2014

Session 12 (14:30-16:00)

-Conveners: Günter Werth

time	[id] title	presenter
14:30	[32] Testing time-reversal symmetry using trapped molecular ions	COSSEL, Kelvin
15:00	[30] Test of QED in extreme fields with highly charged ions confined in traps and rings	SHABAEV, Vladimir
15:30	[20] Phase-Imaging Ion-Cyclotron-Resonance technique for high-precision measurements of nuclide masses	ELISEEV, Sergey
