

NUSTAR Week 2014

Valencia, Spain (September 23-26)

FINAL CIRCULAR

Dear Colleagues,

we would like to announce the final program of the NUSTAR Week, which will be held in Spain, at IFIC-Valencia (<http://webific.ific.uv.es/web/>).

Following the tradition of previous such events we hope to have an intense week of discussions and collaboration meetings. Besides a special emphasis on Spanish contributions, advances in instrumentation and the planning of experiments will be discussed. In addition, it is planned to have an open discussion of Day-1 experiments of NUSTAR at FAIR.

We are looking forward to seeing you in Valencia!
