

EuNPC2015

Thursday 03 September 2015

General, Miscellaneous (14:00-16:00)

-Conveners: Calin Alexandru Ur

time	[id] title	presenter
14:00	[223] CCT or no CT, that is the question	Mr HOLMVALL, Patric
14:15	[195] Large scale Bayesian data evaluation with consistent model defects	SCHNABEL, Georg
14:30	[132] On the possibility to observe a proton beta decay in a colliding system	BORCEA, Catalin
14:45	[84] Exotic radioactivity and decays studied by tracking technique	MUKHA, Ivan
15:00	[173] Resonance phenomena in heavy nuclei collisions and dynamical Stark effect for nuclei in super strong laser field	GLUSHKOV, Alexander
15:15	[140] Radiative transition studies with BESIII	HADDADI, Zahra
15:30	[3] The strong force doesn't exist	SCHAEFFER, Bernard
