Beam Dynamics meets Diagnostics

Storage rings & lepton machines

Convitto della Calza, Florence, Italy

Fr., 6. November

11:00

Storage rings & lepton machines

Sitzung | **Ort:** Convitto della Calza, Florence, Italy | **Vorsitzender:** Marc Munoz

11:00–11:25 Uhr

Multibunch instabilities and machine impedance analysis with transverse multibunch feedback data. Comparison simulation measurements for Diamond

Sprecher

Prof. Riccardo Bartolini

11:25–11:50 Uhr

Analytical and numerical non-linear beam dynamics optimisation

Sprecher

Dr. Laurent Nadolski

11:50–12:05 Uhr

Diagnostics with undulator radiation

Sprecher

Dr. Sara Casalbuoni

12:05–12:30 Uhr

FFAG diagnostics and challenge

Sprecher

Dr. Suzie Sheehy

12:30
