

# ExtreMe Matter Institute EMMI

## EMMI Workshop

### Anti-matter, hyper-matter and exotica production at the LHC

July 20-22, 2015, CERN, Geneva, Switzerland

#### 3 days with 4 sessions per day dedicated to:

- Heavy ion physics on Monday 20<sup>th</sup>
- Exotica production and theoretical approaches on Tuesday 21<sup>st</sup>
- Experiments and theoretical overview in hypernuclear physics on Wednesday 22<sup>nd</sup>

Each day will end with a wrap-up session dedicated to a brainstorming of the discussed topics

I personally enjoyed the very fruitful discussions we had,  
and hope we can continue the discussions!
