

COST action proposal "Fundamental Parameters for Interactions of X-rays with Matter"

Saturday, 17 September 2016 09:55 (20 minutes)

It will be presented the COST action "Fundamental Parameters for Interactions of X-rays with Matter" submitted on April 2016. This action was supported by colleagues of nine european countries, including several members of the SPARC collaboration, and aims to establish an European network of the atomic physicists.
