

SPARC Topical Workshop 2016

Monday 19 September 2016

Biomolecular and Astrophysical Applications (09:00-10:20)

-Conveners: Siegbert Hagmann

time	[id] title	presenter
09:00	[60] Gas-phase molecular astrochemistry and storage ring collision measurements	WOLF, Andreas
09:20	[0] Study of Metastable Transitions in He- & Li-like Fe Relevant to Astrophysics	KARN, Ranjeet
09:40	[34] Experiments with biomolecular ions	BARI, Sadia
10:00	[50] Fast ion collisions with large molecules of biological relevance	TRIBEDI, Lokesh
