**THIRD CIRCULAR**

This is the third and final circular for the NUSTAR Week 2017 hosted by Jožef Stefan Institute. The conference will take place at Jožef Stefan Institute from Monday, September 25<sup>th</sup> until Friday, September 29<sup>th</sup>. Participants are expected to arrive by Monday morning and working group sessions will start on Monday afternoon. Tuesday will be devoted to working groups and plenary sessions will last from Wednesday until Friday morning. The conference program is available at:

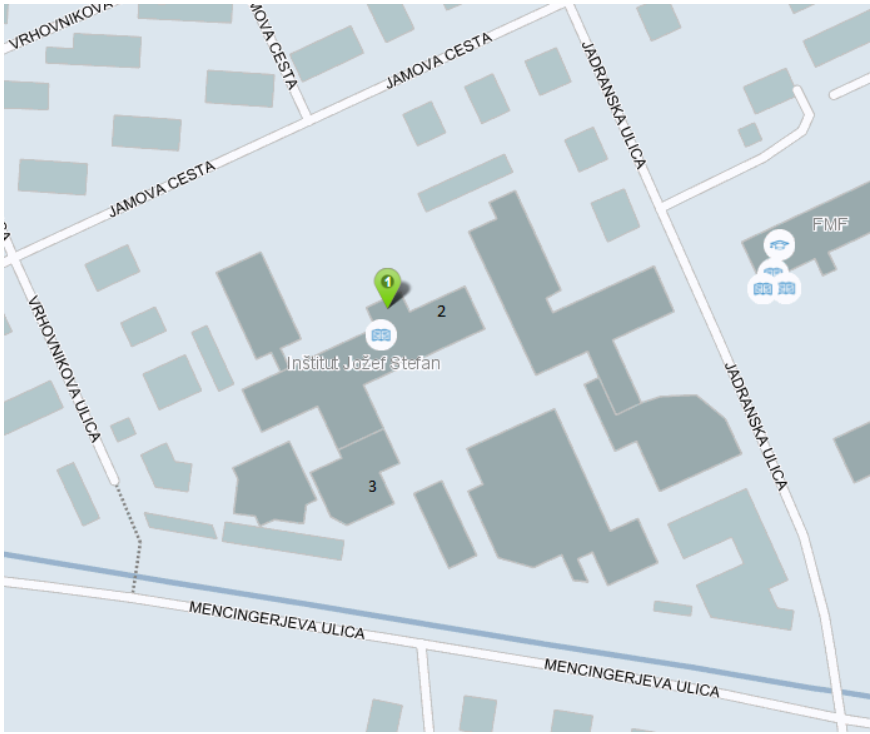

<https://indico.gsi.de/event/5086/other-view?view=standard>

**LOCATION**

The plenary sessions and HISPEC/DESPEC meeting will be held at the Main Lecture Hall on the second floor above the main entrance in the figure below. The registration will be in front of the Main Lecture Hall on the second floor of the main building of the institute.

Once you pass the gate, there will be signs pointing you towards the Main Lecture Hall and the security guards at the gate will also be able to show you the right direction. The Super-FRS Experiment meetings will be held at Physics Seminar Room on the first floor of the main building and the MATS/LaSpec meeting at International Postgraduate School lecture hall on the second floor of the main building annex (see map below).

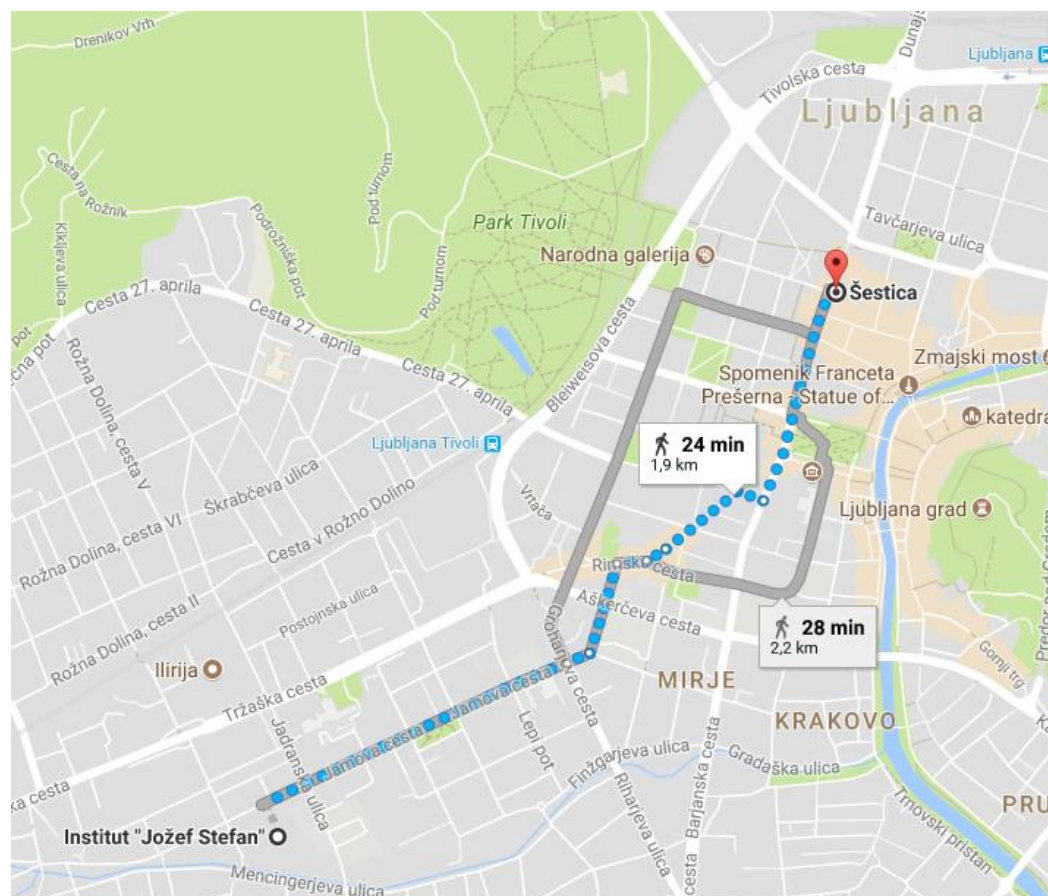

1 - Entrance, registration and Main Lecture Hall

2 - Physics Seminar Room

3 - International Postgraduate School lecture room

The conference dinner will be held at Restaurant Šestica in the center of Ljubljana on Wednesday at 7 p.m. We will walk from the institute to the restaurant. The walk is pleasant and takes about 20 minutes (see map below).
