Ultrafast plasma (9:00 AM - 10:30 AM)

-Conveners: Paul Neumayer

time	[id] title	presenter
9:00 AM	[63] Visualizing the transformation of matter in extreme conditions	Dr GLENZER, Siegfried
9:30 AM	[32] Ultra-high energy density plasmas using nanostructured plasmas	Prof. PUKHOV, Alexander
9:50 AM	[46] Laser accelerated ion bunches as a unique tool for high energy density physics	Dr KORZHIMANOV, Artem
10:10 AM	[18] Spectroscopic analysis of plasmas created in high contrast relativistic laser-matter interaction.	ROSMEJ, Olga
