

International EMMI Workshop on Plasma Physics at FAIR, GSI Darmstadt, June 21 - 23, 2017

Thursday 22 June 2017

Ultrafast plasma (09:00-10:30)

-Conveners: Paul Neumayer

time	[id] title	presenter
09:00	[63] Visualizing the transformation of matter in extreme conditions	Dr GLENZER, Siegfried
09:30	[32] Ultra-high energy density plasmas using nanostructured plasmas	Prof. PUKHOV, Alexander
09:50	[46] Laser accelerated ion bunches as a unique tool for high energy density physics	Dr KORZHIMANOV, Artem
10:10	[18] Spectroscopic analysis of plasmas created in high contrast relativistic laser-matter interaction.	ROSMEJ, Olga
