

Nordic Winter Meeting on Physics @ FAIR

Sunday 21 March 2010 - Friday 26 March 2010

Björkliden, Sweden

Scientific Programme

The scientific program will start on Monday, March 22, 2010. It ends on Friday, March 26 before lunch. Each full day includes two sessions, one in the morning and one in the late afternoon. In between these two sessions there will be a long lunch break to allow for discussions and outdoor activities.

There will be three categories of presentations:

Invited overviews, 60 min (50 + 10)

Invited contribution, 45 min (35 + 10)

Contributed talk, 30 min (25 + 5)

Atomic Physics

Hadron Physics

Hot and Dense Matter

Nuclear Reactions and Astrophysics

Nuclear Structure and Reactions

Nuclear Structure and Ground-State Properties
