

Probing dense baryonic matter with hadrons: Status and Perspective

Tuesday 12 February 2019

Microscopic modelling of hadron production and propagation - KBW Lecture Hall (13:45-16:00)

time	[id] title	presenter
13:45	[11] Hyperon-nucleon and hyperon-hyperon interaction studied via two-particles correlations	Prof. FABBIETTI, Laura
14:15	Discussion	
14:30	[12] Lessons learned from IQMD on strangeness production	Mr HARTNACK, Christoph
15:00	Discussion	
15:15	[13] Strangeness production in UrQMD	Dr STEINHEIMER, Jan
15:45	Discussion
