

# EMMI workshop: Neutron Matter in Astrophysics: From Neutron Stars to the r-Process

## Friday 16 July 2010

### Session 6: Mergers: EoS, neutrino outflows and r-process (16:00-17:30)

time	[id] title	presenter
16:00	[9] The r-process nucleosynthesis during the decompression of neutronised matter	Mr GORIELY, Stephane
16:30	[8] Neutrinos and Nucleosynthesis in Hot Outflows	MCLAUGHLIN, Gail
17:00	[23] Shear viscosity and the nucleation of antikaon condensed matter in hot neutron stars	Dr BANIK, Sarmistha
