

40th International Workshop on High Energy Density Physics with Intense Ion and Laser Beams

Wednesday 29 January 2020

Fusion Studies I (08:30-10:15)

-Conveners: BENOIT CANAUD

time	[id] title	presenter
08:30	[46] Building a fast ignition fusion power plant	Prof. ROTH, Markus
09:00	[9] Laser Inverse Compton Scattering on Relativistic Electrons in a Tokamak*	WURDEN, Glen Anthony
09:25	[3] Increased R&D preparing for first magnetized targets on NIF in 2020	Dr LOGAN, B. Grant
09:50	[0] Meson-catalyzed fusion in ultradense plasmas	Prof. DEUTSCH, claude
