

NUSPRASEN Workshop on Nuclear Science Applications

Wednesday 27 November 2019

Collaboration with and the Needs of Industry (09:00-10:25)

time	[id] title	presenter
09:00	[9] Commercial applications of research institute Tandem accelerators: the Rossendorf example	Dr AKHMADALIEV, Shavkat
09:55	[42] Radioactive ion implantation for wear measurements at CIRCE	RAPAGNANI, David

Collaboration with and the Needs of Industry (10:55-12:30)

time	[id] title	presenter
10:55	[10] Innovation through science-industry collaboration: the EIT model	MCCLUSKEY, Denise
11:30	[43] Proton imaging – from a research prototype to a commercial product	ČETRČIČ, Žiga
11:55	[44] R&D, innovation and physicist knowledge needs for radioactive waste characterization	VERES, Mihaly
12:20	[46] Workshop Closing
