

# Second workshop on Silicon Multipliers within HadronPhysics2

## Monday 22 February 2010

### Reports from the Participants II (16:00-18:45)

time	[id] title	presenter
16:00	[4] Novel micropixel avalanche photo diodes with super-high pixel density, by Nikolay Anfimov, JINR Dubna	
16:30	[5] Studies of multinode photo sensors, by Albert Lehmann University Erlangen-Nürnberg	
17:00	[6] SiPM activities at Bonn, by Christoph Wendel, HISKP University Bonn	
17:30	[7] News from the Frascati APD-Team, by Oton Vazquez Doce, LNF-INFN Frascati
