

Second workshop on Silicon Multipliers within HadronPhysics2

Tuesday 23 February 2010

Discussion on the tasks of the EU project (11:00-13:00)

| time | [id] title | presenter |
|-------|--|-----------|
| 11:00 | [9] Low level light detection and single photon read-out with SiPM | |
| 11:30 | [10] Detection of medium to high light levels using SiPM coupled to fiber material | |
| 12:10 | [11] Ultra-fast timing with plastic scintillators using SiPMs (PNPI, Cracow, INR) | |
| 12:30 | [12] Managerial tasks and financial issues, by H. Orth | |
