

Applied Quantum Conference

Tuesday 04 February 2020

Session II: Psi Quantum, Prof. Jeremy O'Brien, "The promise of quantum computing (and how we're going to get there!)" (13:30-13:50)

Session II: Quantum Companies; Chair: Dr. Martin Ruge (Merck) (13:30-15:50)

Session II: CQC, Dr. Ross Duncan, "Compiling Quantum Software in the NISQ Era" (13:50-14:10)

Session II: HQS, Jan Reiner "Multiscale simulation & quantum computing for design of new materials" (14:10-14:30)

Session II: Riverlane, Dr. Steve Brierley, "Quantum software: recent advances and a case study" (14:30-14:50)

Session II: OQC, Dr. Ilana Wisby., "Building a quantum enabled future" (14:50-15:10)

Session II: See QC, Dr. Matthew Hutchings, "SeeQC - Digital Quantum Computing" (15:10-15:30)

Session II: DWave, Dr. Joel M. Gottlieb, "Practical Quantum Computing" (15:30-15:50)
